Bachelor of Philosophy, Neuroscience and Psychology – Supplementary Form Questions

Question 1

There are some issues that can only be solved if you draw on several different areas of knowledge. Describe a problem that you think would take Philosophy, Neuroscience and Psychology to solve, and explain why it would need all three working together. (1000 character limit)

Question 2

Describe a time when you had to work together as part of a team to solve a problem, including your contributions to that process. (1000 character limit)

Question 3

Explain why you have chosen to study PNP, and explain how the knowledge and skills you gain will help shape your future career. (1000 character limit)

Note: This document is for a reference only. Your responses to the above questions must be submitted using the [Bachelor of Philosophy, Neuroscience and Psychology Supplementary Form](#). We encourage you to have your application number and responses ready before completing the form.
